D. M. Sugimura, Director

## **SHORT SUBDIVISION – REVIEW CHECK LIST AND DECISION**

**Application Number:** 2204053  
**Applicant Name:** Byron Cole for City of Seattle  
**Address of Proposal:** 810 NW Bright Street

### **SUMMARY OF PROPOSED ACTION**

Master Use Permit to subdivide one parcel of into two parcels of land. Proposed parcel sizes are:  
A) 6,707 sq. ft. and B) 6,676 Sq. ft.

The following approval is required:

**Short Subdivision** - to subdivide one existing parcel into two parcels.  
(Chapter 23.24, Seattle Municipal Code).

**SEPA DETERMINATION:**    ☒ Exempt   ☐ DNS   ☐ MDNS   ☐ EIS  
   ☐ DNS with conditions  
   ☐ DNS involving non-exempt grading or demolition or  
   involving another agency with jurisdiction

### **BACKGROUND DATA**

#### **Site & Area Description**

The subject site is located near the northwest corner of Northwest Bright Street and 8<sup>th</sup> Avenue Northwest intersection, in Seattle's Fremont neighborhood. The existing lot area is approximately 13,383 square feet located in a General Industrial 2 zone with an unlimited / 65 foot height limit (IG2 U/65). Certain uses can take advantage of Floor Area Ratio (FAR) height calculations that can exceed 65 feet. The vacant dirt lot is nearly rectangular in shape with a slight slope that inclines downward from its east property line to its west border. It appears that the vacant lot has been recently graded, creating a slight bowl shape. At the time of the site visit railroad ties were neatly stacked at the development site. The City of Seattle, Department of Transportation's Burke Gilman Trail runs through the subject lot's west 60 feet. Immediately to the west of Burke Gilman Trail, abutting the development site is a Fred Meyer's shopping center. There are no sidewalks, curbs or gutters abutting the subject lot.

Northwest Bright Street is a partially improved right-of-way that dead ends at the Burke Gilman Trail. Access to the subject site is obtained through Northwest Bright Street. 8<sup>th</sup> Avenue Northwest is a limited accessed right-of-way with reduced vehicle traffic volumes due to traffic

barriers along Leary Way Northwest. Leary Way Northwest is a primary arterial that connects Fremont to the Ballard neighborhood. The traffic volumes experienced along Leary Way Northwest not directly impact the subject site.

The surrounding area is a mix of General Industrial 2 zones with varying height limits to the west of Leary Way Northwest. Industrial Buffer, Commercial 1, and Multifamily Lowrise 1 zones are located to the east of Leary Way Northwest. The ship canal waterway connecting Lake Union to the Puget Sound is located within 1,000 feet of the subject lot to the west, in the industrial zone. This area is characterized by maritime activity, warehouse and manufacturing uses. Retail establishments, restaurants, along with an assortment of other commercial uses are clustered around Leary Way Northwest. Two blocks to east of the subject site residential uses are concentrated just east of 6<sup>th</sup> Avenue Northwest, in densely populated multifamily zones.

### Proposal

The applicant proposes to subdivide one parcel of land into two (2) parcels. Proposed parcel areas are indicated in the summary above. Proposed parcels will have direct access to Northwest Bright Street.

### Public Comment:

Date of Notice of Application:	January 8, 2003
Date End of Comment Period:	January 21, 2003
# Letters	0
Issues:	No comment letters were received during the public comment period.

## **PLAN REVIEW – SHORT SUBDIVISION**

### **SMC [23.24.020](#) Content of application.**

Applications for approval of a short subdivision shall include the following:

- A. ☒ Plat of the proposed short subdivision containing standard survey data;
- B. ☒ Vicinity map on which shall be indicated the property to be subdivided;
- C. ☒ Plot plan, as appropriate, showing the location and dimensions of existing buildings in relation to the proposed short subdivision;
- D. ☒ Legal descriptions of the property to be subdivided and of all proposed lots or divisions;
- E. ☒ Name and address of owner(s) of the tract;
- F. ☒ Location of existing roadways, sanitary sewer, storm drain and water main, if any, together with proposed street improvements; and
- G. ☒ Specific location and description of all trees at least six (6) inches in diameter measured four and one-half (4 ½) feet above the ground, with species indicated.

**SMC 23.24.030 Content of short subdivision.**

- A. Every short plat of a short subdivision filed for record must contain:
1. ☒ A certificate giving a full correct description of the lands divided as they appear on the short plat, including a statement that the short subdivision has been made with the free consent and in accordance with the desires of the owner or owners.
  2. ☐ If the short plat includes a dedication, the certificate or a separate written instrument of dedication shall contain the dedication of all streets and other areas to the public, an individual or individuals, religious society or societies or to any corporation, public or private, as shown on the short plat and a waiver of all claims for damages against any governmental authority which may be occasioned to the adjacent land by the established construction, drainage and maintenance of the road.
  3. ☐ Roads not dedicated to the public must be clearly marked on the face of the short plat.
  4. ☐ All short plats containing a proposed dedication must be accompanied by a title report confirming that the title of the lands as described and shown on the short plat is in the name of the owner signing the certificate or instrument of dedication.
- B. ☐ The certificate and instrument of dedication shall be signed and acknowledged before a notary public by all parties having any ownership interest in the land subdivided and shall be recorded as part of the final plat. Any dedication, donation, or grant as shown on the face of the short plat shall be considered to all intents and purposes as a quitclaim deed to the donee or donees, grantee or grantees for his, her or their use for the purpose intended by the donors or grantors.

**SMC 23.24.035 Access.**

- A. ☒ Every short plat shall include adequate provision for dedication of drainage ways, streets, alleys, easements, slope rights, parks and other public open spaces for general purposes as may be required to protect the public health, safety and welfare.
- B. ☐ Protective improvements and easements to maintain the improvements shall be dedicated at the discretion of the City.
- C. ☐ Convenient pedestrian and vehicular access to every lot by way of a dedicated street or permanent appurtenant easement shall be required.
- D. ☐ Access to new lots shall be from a dedicated street, unless the Director determines that the following conditions exist, and permits access by a permanent private easement:

1. ☐ Access by easement would not compromise the goals of the Land Use Code to provide for adequate light, air and usable open space between structures; and
  2. ☐ The dedication and improvement of a street is not necessary or desirable to facilitate adequate water supply for domestic water purposes or for fire protection, or to facilitate adequate storm drainage; and
  3. ☐ The dedication and improvement of a street is not necessary or desirable in order to provide on-street parking for overflow conditions; and
  4. ☐ No potential safety hazards would result from multiple access points between existing and future developments onto a roadway without curbs and with limited sight lines; and
  5. ☐ There is identifiable access for the public and for emergency vehicles; and
  6. ☐ There is no potential for extending the street system.
- E. ☒ Dedicated streets and alleys shall meet the requirements of Chapter [23.53](#) and the Street Improvement Manual. Easements shall meet the requirements of Section [23.53.025](#).

#### **CRITERIA REVIEW – SHORT SUBDIVISION**

- A. The Director shall, after conferring with appropriate officials, use the following criteria to determine whether to grant, condition or deny a short plat.
1. Conformance to the applicable Land Use Code provisions (including street improvement requirements);
    - ☐ Zoning review approved.
      - ☐ Development standards of underlying zone (including Overlays).
      - ☐ Chapter [23.53](#) Streets and Alleys
      - ☐ Chapter [23.54](#) Parking and Access
    - ☒ Zoning review approved with conditions or corrections.
  2. Adequacy of access for vehicles, utilities and fire protection, as provided in Section [23.53.005](#);
    - ☒ Fire Marshal's Office approved.
    - ☐ Fire Marshal's Office approved with conditions.
    - ☒ Seattle City Light review approved.
    - ☐ Seattle City Light requires easement.
  3. Adequacy of drainage, water supply, and sanitary sewage disposal;
    - ☒ Drainage review approved.

- ☐ Drainage review approved with conditions.
- ☒ Seattle Public Utilities Water Availability Certificate (WAC) approved.
- ☐ Seattle Public Utilities requirements for WAC approval.
- 4. Whether the public use and interests are served by permitting the proposed division of land;
  - ☐ Department of Parks and Recreation approved.
  - ☐ Department of Parks and Recreation approved with conditions.
  - ☐ Department of Neighborhoods (landmark sites or Districts) approved.
  - ☐ Department of Neighborhoods (landmark sites or Districts) approved with conditions.
  - ☐ Building Plans Examiner review and approval.
  - ☐ Building Plans Examiner approval with conditions.
  - ☒ The proposal meets all applicable criteria for approval of a short plat as discussed in the analysis and decision, therefore meets this criterion.
- 5. Conformance to the applicable provisions of SMC Section [25.09.240](#) , short subdivision and subdivisions in environmentally critical areas;
  - ☒ Site not located in a riparian corridor buffer, wetland, wetland buffer or steep slope.
  - ☐ Site exempt from ECA Ordinance (SMC [25.09.040](#))
- 6. Is designed to maximize the retention of existing trees;
  - ☒ Site does not contain trees at least 6-inches in diameter measured 4-½ feet above the ground.
  - ☒ Site does not contain Exceptional Trees as defined in Director's Rule [6-2001](#).
  - ☒ The short subdivision meets the applicable provisions of SMC [25.11](#).
  - ☐ A tree preservation plan is required.

**SMC 23.24.060 Redivision procedure.**

- ☒ Within a five (5) year period following the filing of a short subdivision in accordance with the provisions of Chapter [23.22](#), property within that short subdivision may not be further divided through the short subdivision process if it would result in more than a total of nine (9) lots. However, any revision of the lot lines of an approved short subdivision in which the total number of lots is not increased shall not be considered a further division, and shall be approved or disapproved in the manner prescribed in Chapter [23.28](#).

**DECISION – SHORT PLAT:**

**CONDITIONALLY APPROVED**

**CONDITIONS – SHORT PLAT:**

**Conditions of Approval Prior to Recording**

The owner(s) and/or responsible party(s) shall:

1. Have final recording documents prepared by or under the supervision of a Washington State licensed land surveyor. Each lot, parcel or tract created by the short subdivision shall be surveyed in accordance with appropriate State statutes. The property corners set shall be identified on the plat and encroachments such as side yard easements, fences or structures shall be shown. All existing structures shall be shown on the face of the plat, and their distances to the property lines dimensioned. Lot areas shall be shown on the plat. The short plat drawing shall be stamped by a licensed surveyor.
2. Add the conditions of approval to the face of the plat, or on an additional page if needed. If the conditions are on a separate page, insert on the plat:  
  
*“For conditions of approval after recording, see Page \_\_\_\_ of \_\_\_\_.”* (If necessary, renumber the pages).
3. Outline on the face of the short plat: the legal descriptions for the existing and proposed lots; the location of the existing utility lines on the face of the plat; all ingress and egress and utilities easements. If a utility easement is required by Seattle City Light, then the easement in its entirety (typically referred to as “Easement A”) shall be shown on the face of the plat.
4. Submit the final recording forms and fee.
5. Update survey to the respond to outstanding zoning and addressing corrections.

**After Recording and Prior to Issuance of a Building Permit on Parcels A and B**

The owner(s) and/or responsible party(s) shall:

1. Attach a copy of the recorded short plat to all building permit plan sets.
2. Submit a standard drainage control plan for DPD review.
